

Resinol healed that skin trouble

Of course it did—promptly and easily. That is what it usually does, if the affection is not due to some serious internal disorder. Resinol Ointment stops itching at once and soon makes sick skins well. Resinol Ointment is so nearly flesh-colored that it can be used on exposed surfaces without attracting undue attention. Sold by all druggists. For sample free, write to Dept. 46-R, Resinol, Baltimore, Md.

LIVING'S HIGH COST DUE TO HIGH COST OF GOVERNMENT

Republicans Confess That Direct Taxes Will Soon Ruin Property Owners.

The high cost of living about which everybody is complaining has a rival in the high cost of government, particularly New York State government, that is now surpassing by millions of dollars all previous records. Appropriations made by the last Legislature for the current fiscal year, beginning July 1, total in round numbers \$20,000,000. Next year they bid fair to surpass this figure, unless some radical effort is made to check

lavish public expenditure. William M. Bennett, Republican State Senator from the west side of Manhattan, who is an expert on State finance, said today: "The Legislature this year appropriated \$19,000,000 more than estimated revenues. Unless the appropriations are materially reduced next year this means that a direct tax of between \$20,000,000 and \$30,000,000 will have to be imposed. In fact, Senator Elton B. Brown, leader of the Senate, predicted at the last session that inside of five years the State will have a permanent direct tax of at least \$20,000,000.

HIGH COST OF GOVERNMENT CITY'S DOUBLE BURDEN.

In addition to current expenses, there is to be submitted to the voters at the coming election a referendum as to whether the State shall issue \$10,000,000 additional bonds for acquisition of more land in Palisades Interstate Park and the Adirondack forest preserve. Under the Constitution, interest and sinking fund on these bonds must be raised by a direct tax. New York City will feel this high cost of government as a double burden. In addition to the millions that will have to be contributed to State government at Albany, there will be large increases in municipal taxation under the pay-as-you-go policy which will begin to fall heaviest on

property owners a year from now. Senator Bennett predicted that unless drastic action is taken to hold down expenses, property owners in the city face an increase of at least 25 points in local tax rate, with the further addition of a direct State tax imposed from Albany for the year 1918. Extravagance in State government fell on the taxpayers after the money has been spent. Public business always is a year in debt. That is why the tremendously increased State expenses of the current year will not appear on city bills until a year and a half from now, in the spring of 1918.

NEEDLESS AND OPPRESSIVE DIRECT TAX.

The Whitman Administration last year levied a direct tax of \$15,000,000, but it was not collected until this year, at the very time it proved to be unnecessary. The State Treasury at the close of its fiscal year, June 30, 1916, had a cash balance of nearly \$14,000,000 on hand. Because of this surplus in the treasury to carry on government for the current year the bill for the direct State tax collected in 1917, but the accumulating extravagance of government are piled up for another heavy imposition that will be ordered by the Legislature of 1917 to be collected from the people in 1918. Judge Seabury, Democratic candidate for Governor, is making the high cost of government his principal campaign issue. Political economy is his favorite study; taxation his specialty. Extravagance in government he regards as robbery of the people and drastic retrenchment is his promise.

SOCIALISTS FOR WILSON.

Leader Waiting Answer 100,000 to 200,000 May Vote for President. GREENWICH, Conn., Oct. 19.—William English Walling, whose writings on socialism have been translated into many languages, told a reporter today he wanted to see Woodrow Wilson elected. Four years ago, he said, 75 per cent of the 900,000 Socialist voters hoped to see Wilson elected. "This year," he said, "99 per cent."

\$15 Suits and Overcoats, \$15 For Regular Men

The first time we advertised \$15 Suits and Overcoats for \$15 the papers were filled with offers of \$18, \$20, \$25 and even \$30 "values" for \$15.

Gradually the "values" of the \$15 suits and overcoats elsewhere grew the progress in honest advertising; a smaller and smaller, until now the offering of \$20 and \$25 "values" for \$15 is the trade mark of the store time ago.

We are proud of those standards—proud of having set them, and proud of the fact that our example has been followed by so many other clothing merchants.

Just as we set the standard of advertising, so have we set the standard of values in the merchandise back of the advertising, and our stocks this Fall have been chosen to meet those standards.

Suits of plain blue serge, fancy cheviots and worsted materials, in the season's most wanted shades; 2- or 3-button soft roll or 3-button conservative models; also pinch-back models.

Overcoats in a variety of models, Chesterfields, pinch-backs, double breasted, trooper coats, button-through, self collar coats, in many fabrics.

The New "Trooper" Model shown in rough cheviots, etc.
